YOUR COMPANY

Any company registered under the French law

WE

With Foreign Investment Insurance, we foster French investments overseas (from 3 to 20 years) by protecting them against political risks

CHARACTERISTICS

Covered amount:

- capital that grants automatic insurance of dividends: policy holder fixes the covered amount every year, within the capped ceiling that includes contributions and re-invested revenues
- Bank or shareholder loans, advances on the current capital blocked account: the covered amount is backed by the payment schedule in principal and interest (maximum 10% rate)
- Guarantees: base backed by the payment schedule of the bank loan (in principal and interest)
- **royalties**: agreement on licence concession, know-how, processes, and brands
- **Percentage of cover**: 95 %

Political risks covered:

- **interference with property rights**: inability to exercise investments rights, partial or total destruction of assets, hindrances to normal functioning ;
- **non-payment and/or non-transfer of guaranteed** amounts payable to the investor

Bilateral investment protection treaty between France and the host country or the adequate legal framework in the host country (eg. ICSID ratification)

ADVANTAGES

- **Simple pricing** with a single premium rate, for all types of contributions, and applied to the covered amount as per the OECD ranking of the host country and the characteristics of the investment
- **Covered amount** that progresses with your investment on a declaratory basis
- **Irrevocable insurance and fixed rate** during the whole duration of the insurance policy
- **Creeping expropriations insurance** with indemnification of operating losses in case of hindrances to normal functioning

⁽¹⁾ Individual insurance for the accompanying bank loan is possible under certain conditions.
